

***The link below will direct you to the South Dakota Office of Emergency Management Preliminary Damage Assessment Video. The video can be used in conjunction with training newly elected or appointed officials per the SLA or as a refresher for potential applicants following a weather event in which a PDA is going to be conducted. The video provides examples of what information is needed and how to complete the necessary forms for the PDA.***

***If you have any questions or issues with the link please contact a Public Assistance staff member at 605-773-3231.***
